Giuseppe Inguì, Restauro Opere d'Arte, Marineo (PA)
Michele Macchiarola, CNR-ISTEC, Faenza (RA)
Antonella Privitera, CNR-ISMN, Palermo
Rosalia Scalici, CNR-ISMN, Palermo
Ciro Spataro, Assessore alla Cultura, Comune di Marineo (PA)

Re-LIME 2015

REVIVAL OF THE LIME: AN ANCIENT MATERIAL FOR THE FUTURE.

Palermo – Marineo (PA)

23– 26 September 2015

CNR-ISTEC (Faenza) and CNR-ISMN (Palermo) organize a series of events on the wonderful Lime world. The main goal of this initiative is to renew the interest in the Lime both in the archaeological and architectonic conservation fields, due to a large increase of archaeometric studies on ancient mortars and plasters in recent years, and in building sector, by recovering our traditions, in particular historical materials and techniques in art, handicraft and building.

The events will be held in Sicily for its strong historical bond to the lime, for the presence of many research groups that study ancient lime mortars and/or develop innovative materials and for several small handicraft-companies that use lime according to old and typical artistic/building traditions.

FULL PROGRAM

- **International Conference “Lime. The past meets the future”, 23–24 September 2015**
Area della Ricerca del CNR di Palermo, via Ugo La Malfa, 153 Palermo
Official language: English
- **Lime exhibitions, 25–26 September 2015.**
Castello Beccadelli-Bologna, Marineo (PA)
Official language: Italian

www.ismn.cnr.it/re-lime2015/

International Conference “Lime. The past meets the future”

Topics

- Lime mortars and lime plasters in the past:: archaeometry and diagnostics.
- Use of the lime in artworks and in conservation interventions.
- Development of lime mortars for restoration.
- Nanolimes and conservation.
- Lime in the contemporary building. Structures, plasters and painting.

Events in Marineo (PA)

- Photographic exhibition: “The power of the lime. Tradition and innovation”.
- Basic lessons on the history, production, properties, applications of lime.
- “Lime on the road”. Exhibition of artists, craftsmen and restorers.
- Visit to an ancient lime kiln near Marineo (26 September 2015).

SPONSORS

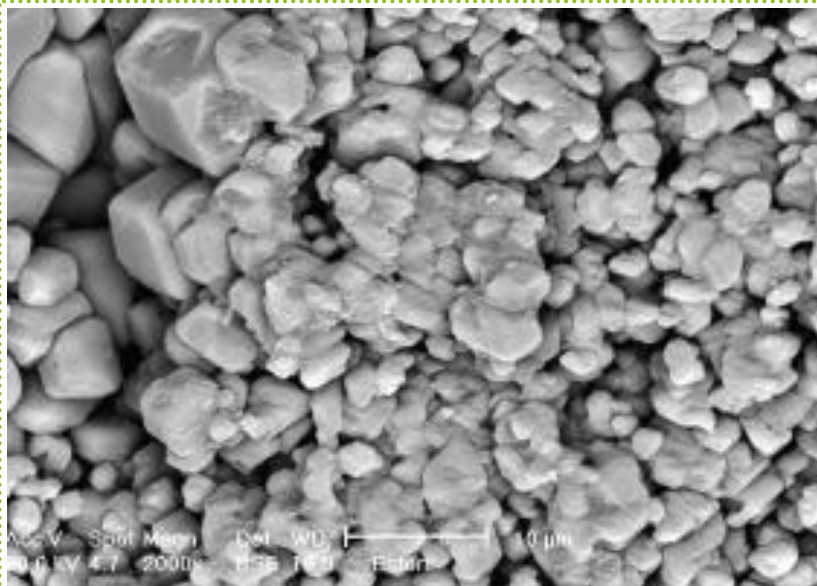

PATROCINIO

Italian Association of Conservation Scientists

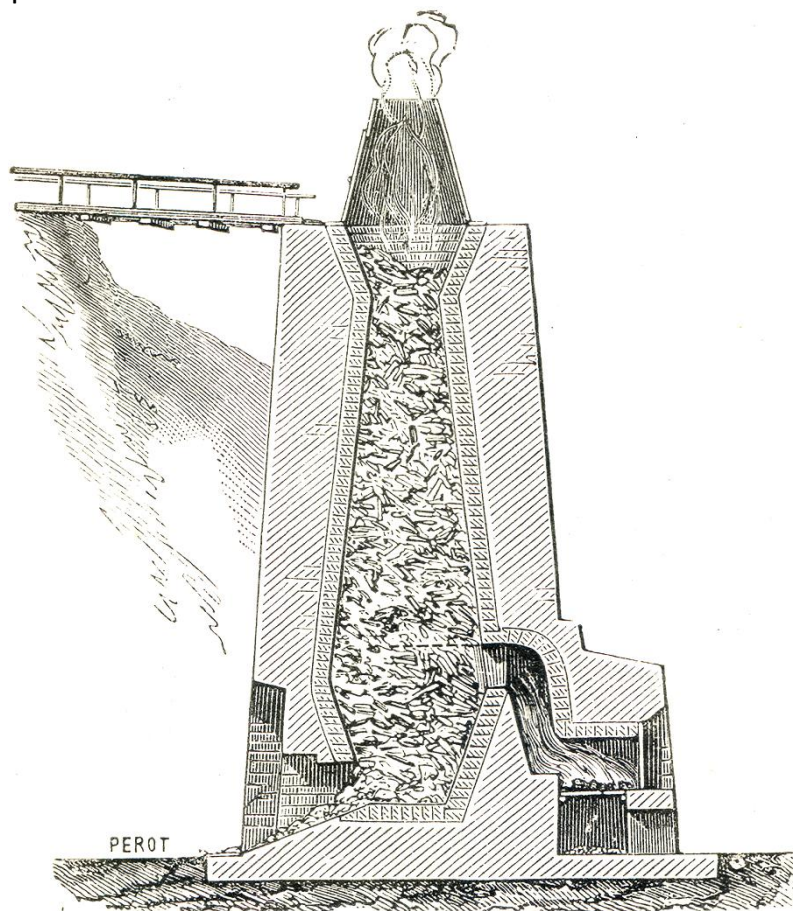

SiciliAntica

PHOTOGRAPHIC EXHIBITION IN MARINEO (PA)

In order to participate to the photographic exhibition, please send a photo in Jpg Format (not less than 300 dpi) by **1 AUGUST 2015** on the lime world, past and present (e.g. Production phases, applications and also scientific images).

The best 20 photos, selected by a panel of judges, will be exhibited in the Castello Beccadelli-Bologna. All the received photos will be shown in a no-stop power point presentation.

ABSTRACTS

Abstracts (max 2000 characters) shall include full name, affiliation and contact details (email, address, phone number) of the corresponding author and shall follow the **template**. The abstracts should clearly state to which topic of the conference is addressed.

Oral presentations will be limited to 20 minutes, followed by 5 minutes of discussion.

A Poster session will be organized with also a no-stop power point presentation.

REGISTRATION FEES

Complete the **registration form**.
